Dear Sir/Madam

To: Whom it may concern,

Having been in our previous location for a very long time, we felt that it was time to move on to a better and newer office.

Darren has been in contact with us for many years and we met up to discuss on our relocation plans and for him to propose the available options.

He guided us through the entire process including shortlisting of buildings, arrangement of viewings and upon the final selection, negotiated on our behalf for the best possible deal.

Through this journey together, Darren has capably demonstrated his strong knowledge of the business, expertise in sourcing for the best solutions and ensuring that our interest is fully represented.

We would highly recommend Darren should you be looking for a new office and we have great confidence in him providing the same level of quality services to you as he has shown with us.

Thank you.

Yours faithfully
